TECHNICAL SKILLS

CFD / CAE
STAR-CCM+, ANSYS, setup, post-processing

CAD
SolidWorks, Fusion 360, Autodesk Inventor

Engineering
Aerodynamic concepts, vehicle integration, additive prototyping

EDUCATION

BSc Mechanical Engineering
University of Coimbra
Expected 2027
Predicted: 12.5/20

Relevant topics
Fluid Mechanics, Aerodynamics, CFD, Numerical Methods, Heat Transfer, Vehicle Dynamics, CAD/CAE

LANGUAGES

Portuguese — Native
English — Working proficiency

INTERESTS

Motorsport engineering
Sim racing · Canoe sprint · Music

MOTORSPORT & AERODYNAMICS CV

Available for student placement opportunities

Mechanical Engineering student leading aerodynamics for a Formula Student EV programme. Developing the team's first complete aerodynamic package and a robust CFD workflow, with hands-on rally experience through Sports & You, FPAK technical scrutineering and FIA WRC event operations.

MOTORSPORT & ENGINEERING EXPERIENCE

Aerodynamics Department Lead — PHISEC Racing Formula Student **2025–Present**

- Lead aerodynamics for the team's second electric Formula Student car and coordinate interfaces with wider vehicle development.
- Lead CFD/CAD design and planned manufacture of the team's first complete aerodynamic package.
- Established a basic, robust CFD workflow for repeatable design comparison and aerodynamic development.

Rally Team Intern — Sports & You **2024**

- Assembled an FIA Rally4 car and provided event support for a rally car at Rally da Água, Chaves.

Trainee Technical Scrutineer — FPAK **2026–Present**

- Developing practical understanding of technical compliance and scrutineering procedures in Portuguese motorsport.

Motorsport Event Official — Rally de Portugal, FIA WRC **Two editions**

- Supported event operations and safety procedures as part of the stage management team.

COMPETITION EXPERIENCE & ACHIEVEMENTS

F1 in Schools — Alpha Scorpii **2023**

- Team Leader and Design Lead; led CAD development and technical decision-making for a five-person team that placed 3rd in Portugal's national final.
- 2nd place, Formula Student Class 2, Portugal (2026)
- 2nd place, Coimbra Space Summer School team competition
- Grade 5 Bassoon, Conservatório de Música de Coimbra
